AIRKEY® MAXIMUM SECURITY REMOTE

AK2TX6

Securely control 6 outputs with one hand transmitter!

Neatrol Systems   www.neatrol.com.au

The AK2TX6 remote control transmitter is designed to deliver unparalleled security for all domestic and commercial applications.

Features:

¤ Rugged IP65 rated dust proof and water resistant housing with full silicone gasket.
¤ 69 bit encrypted data transmission guarantees security.
¤ Each transmitter is uniquely coded and cannot be replicated.
¤ Self learning receiver technology stores up to 340 unique transmitters.
¤ Can be used to replace any existing remote control system.
¤ Optional wall bracket allows attachment to any vertical or horizontal surface.
¤ Easy to add new transmitters with the push of a single button.
¤ Four channel transmitter allows for maximum flexibility.
¤ 433.92MHz crystal locked transmitter frequency immune from interference caused by 27MHz baby monitors, CB radio etc.
¤ All transmissions immune from code grabbing and code scanning techniques as often used by ever resourceful thieves.
¤ Optional proximity coil can be fitted to suit all major proximity readers including HID and Mifare.
¤ No price penalty for far superior technology.

Applications:

¤ Garage doors, automatic gates.
¤ Remote arming and disarming of security alarms.
¤ Personal emergency transmitters.
